revo.js swag

We prepared a complimentary T-shirt for each participant to **rethink, revisit, revolve**.

In addition, we also shared some 2019 swag to help everybody revisit the vibe of the first edition.

Sponsors' Giveaway Table

The branded materials were on display throughout the entire event for participants to freely choose their favorite items. And proudly use and wear these, of course.

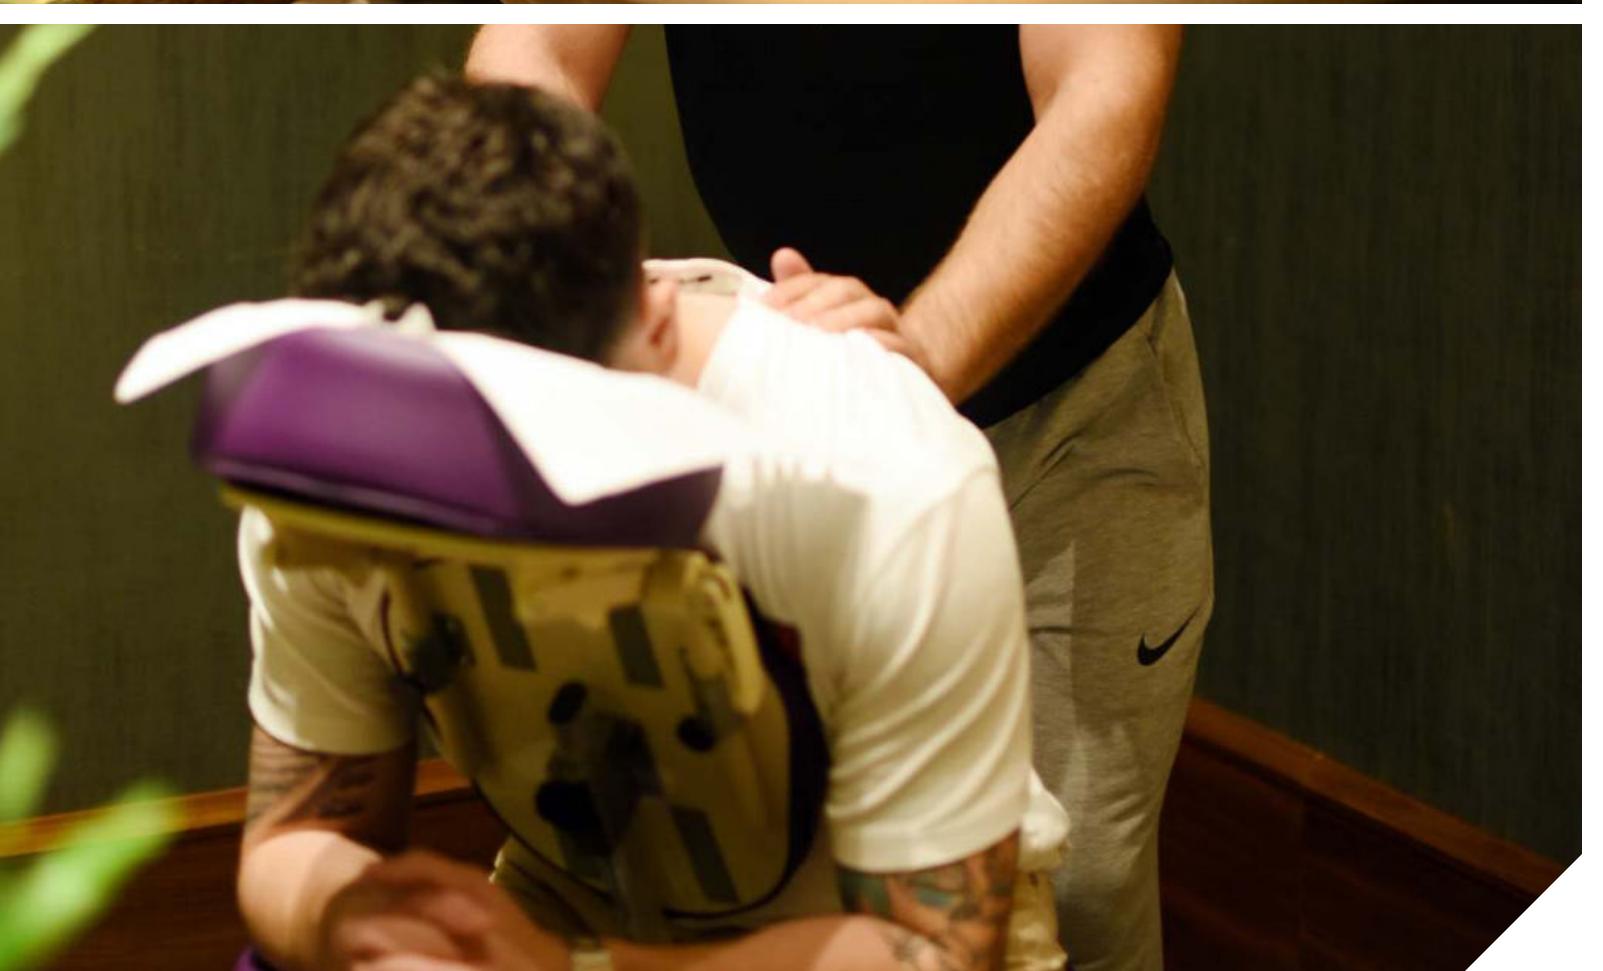

Experience Corners at the Conference Venue

Haufe Group

Wellness Experience Corner

Haufe Group prepared a relaxing corner for participants to unwind and recharge in between presentations. Everybody who stepped through their portal came out with new found energy.

Experience Corners at the Conference Venue

Victory Square Partners Coding Experience Corner

Victory Square Partners invited participants to a fun coding challenge that involved a robot, music, a maze, and two appealing prizes. It was truly a challenge that got everybody wired up.

Experience Corners at the Conference Venue

[e-spres-oh] Gaming Experience Corner

Integrating references to the JavaScript ecosystem, [e-spres-oh]'s upgraded version of tic-tac-toe was a crowd pleaser.

Experience Corners at the Conference Venue

Cognizant Social Experience Corner

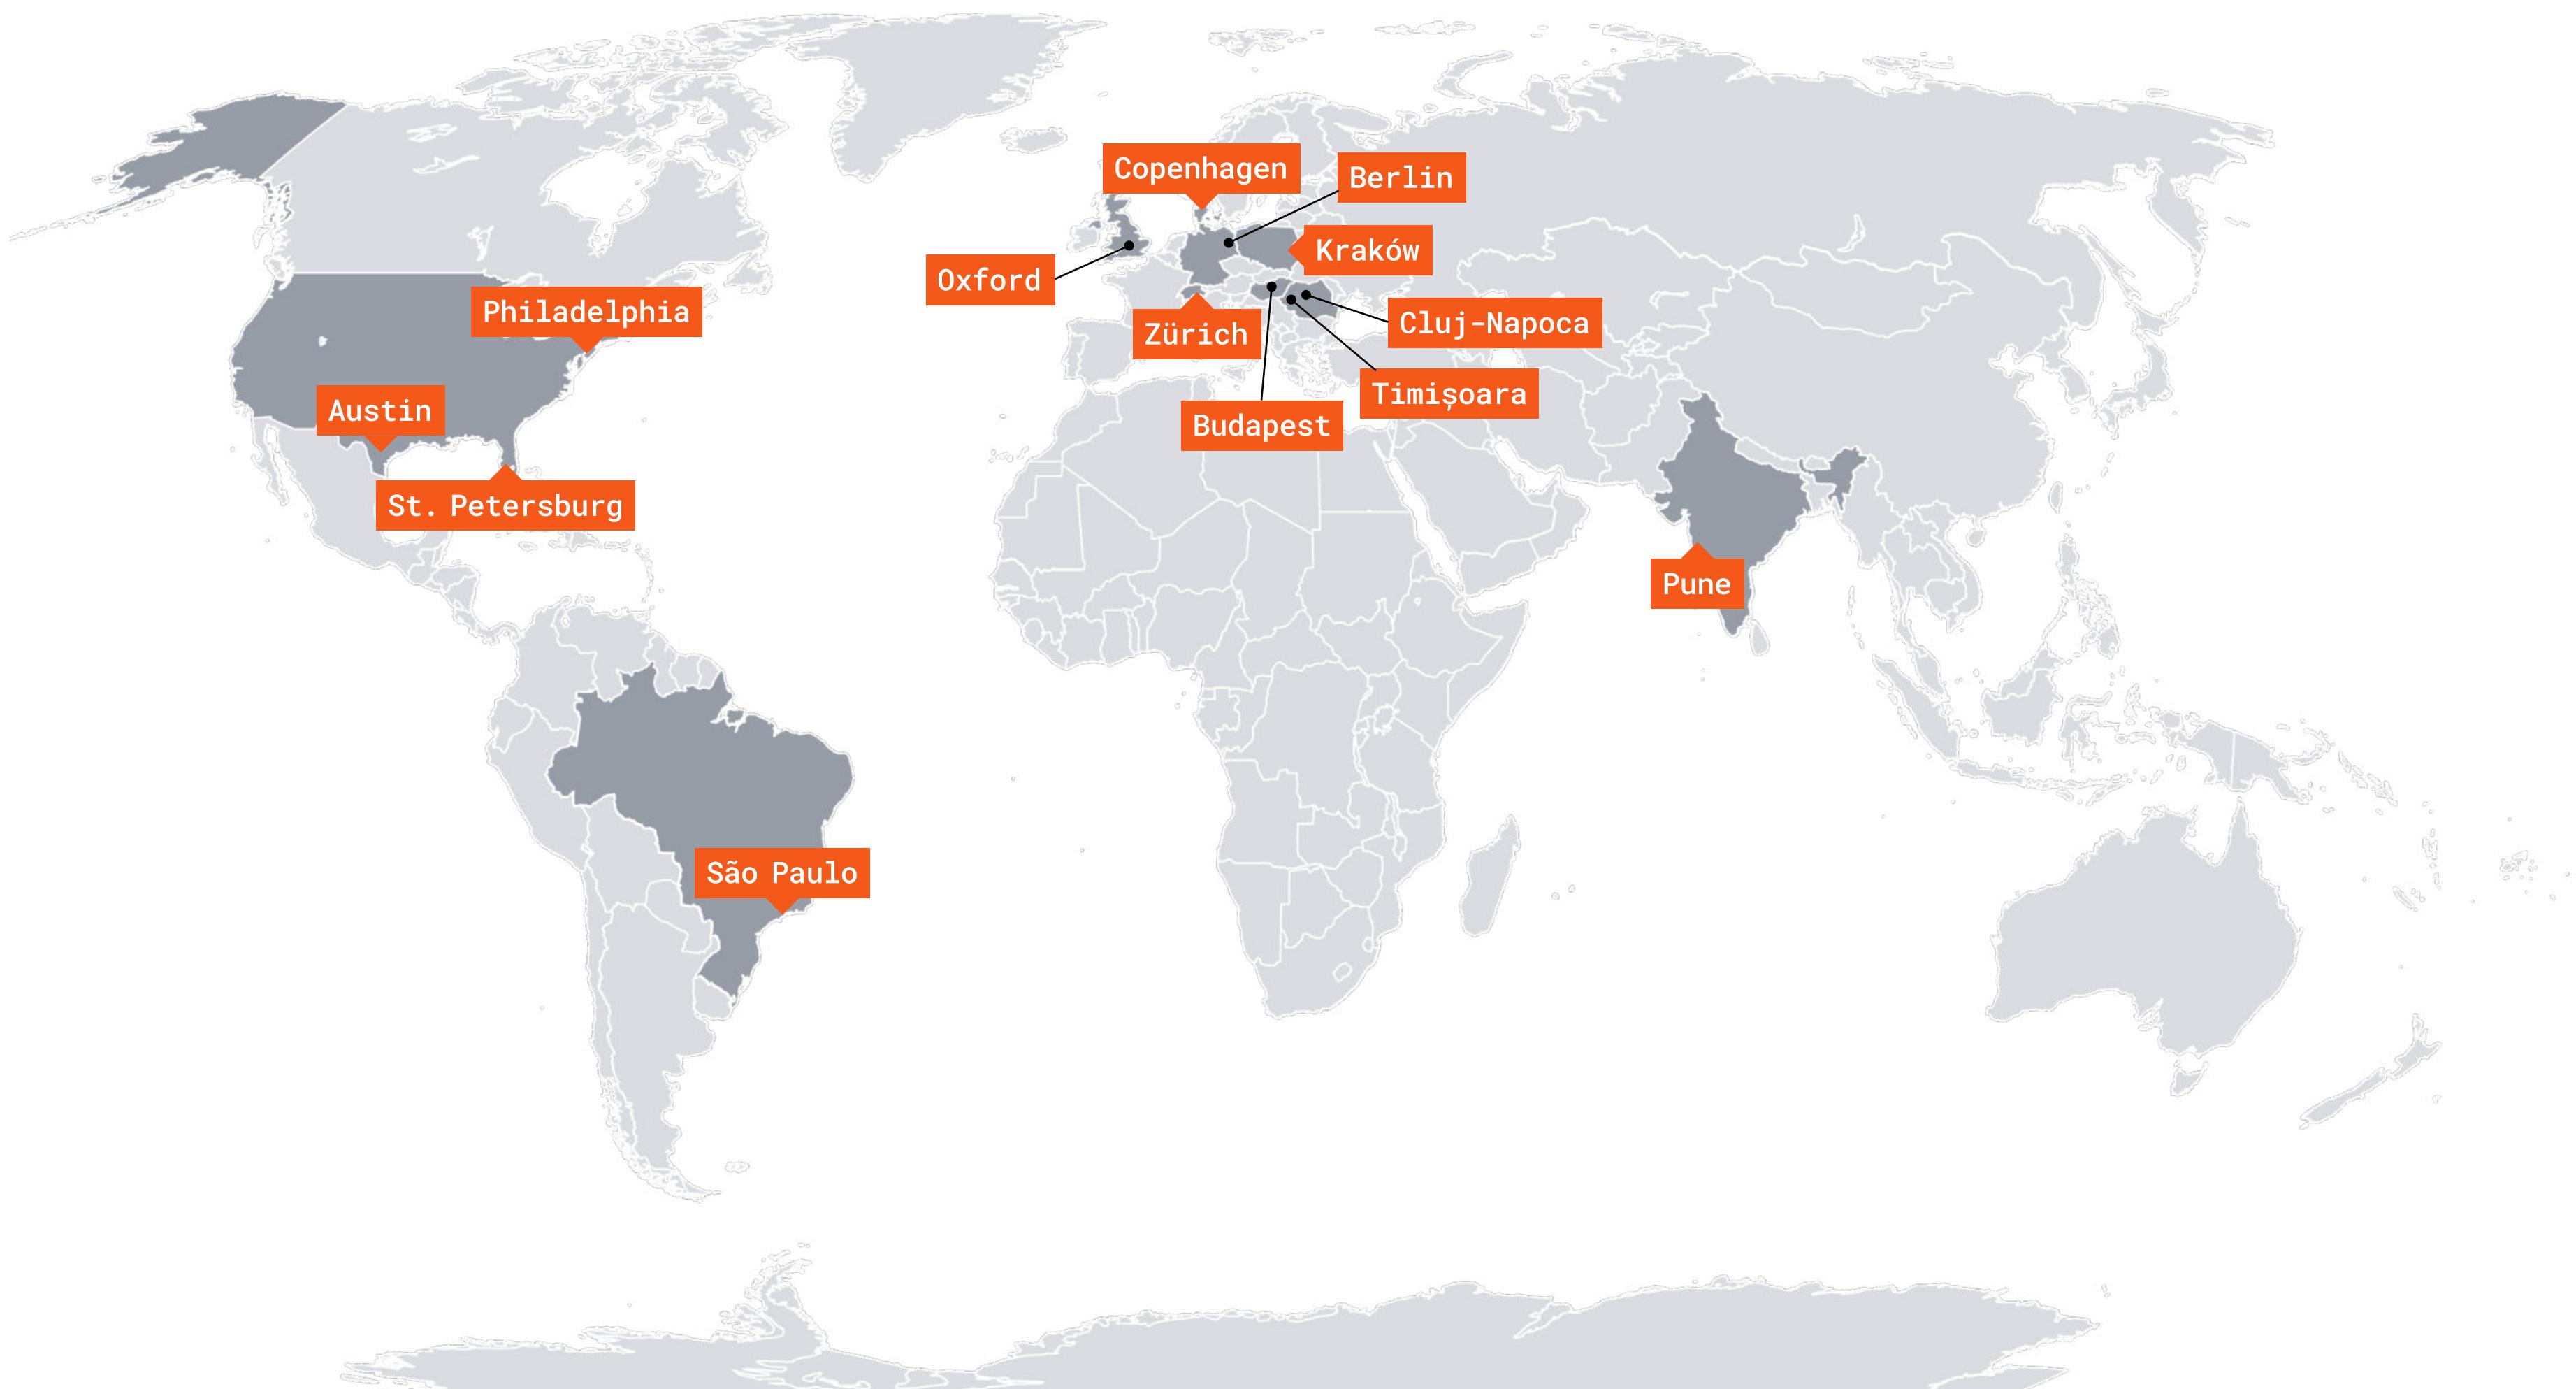

Cognizant prepared a corner where people could have a seat and exchange thoughts and ideas about the talks. Plus, they brought a trusted companion to facilitate the interactions.

15 Speakers from across the globe

We had the honor to bring to Timisoara 15 renowned speakers with long established careers, thought leaders in their domains, and highly esteemed by the JS community. Our mission: to create a Romanian conference that can easily rival with the quality of international events.

16 engaging talks

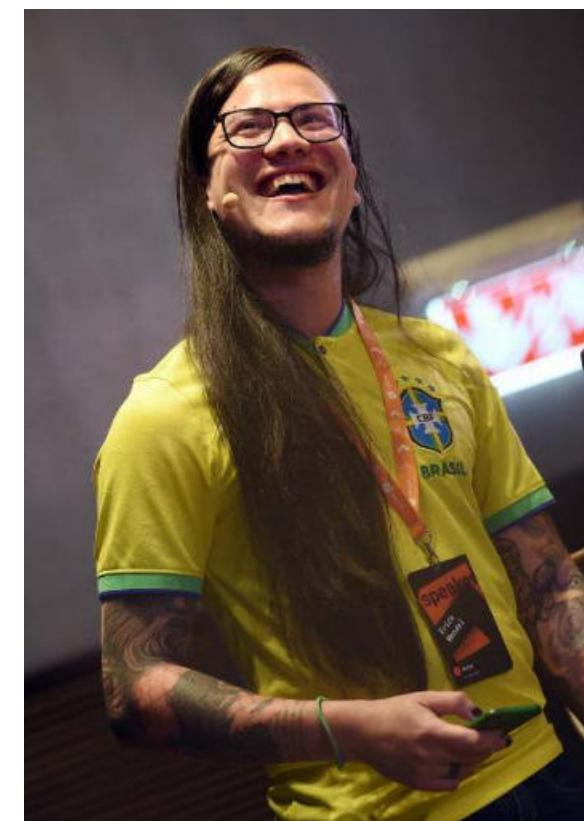

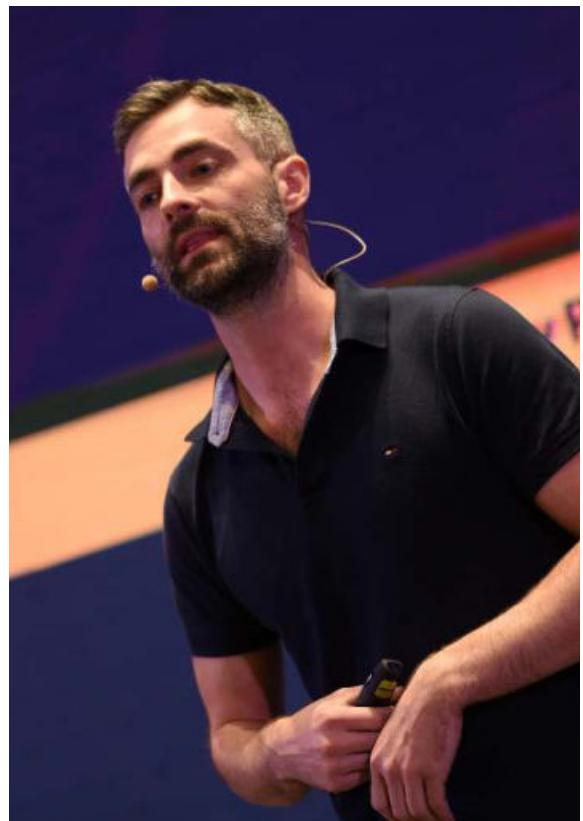

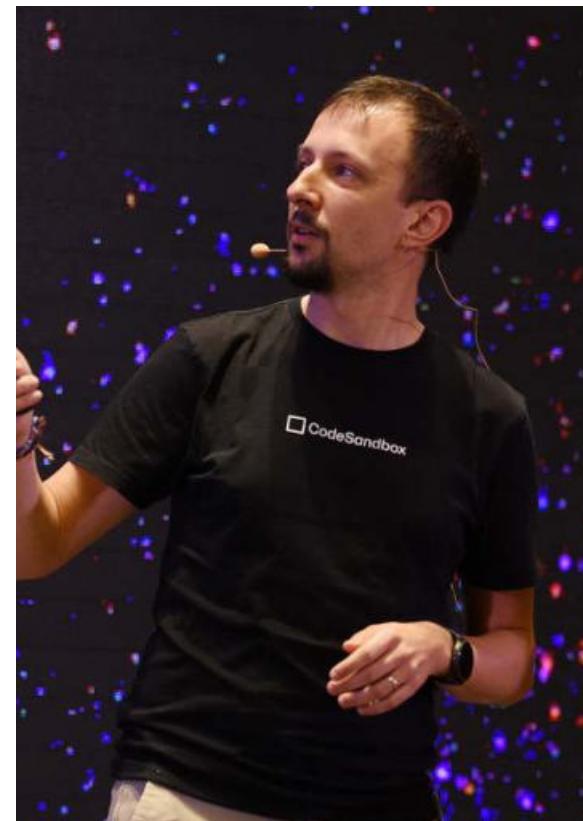

Over the course of two days, participants attended 16 tech-focused, 30-minute talks that covered topics from across the JavaScript ecosystem.

Day 1

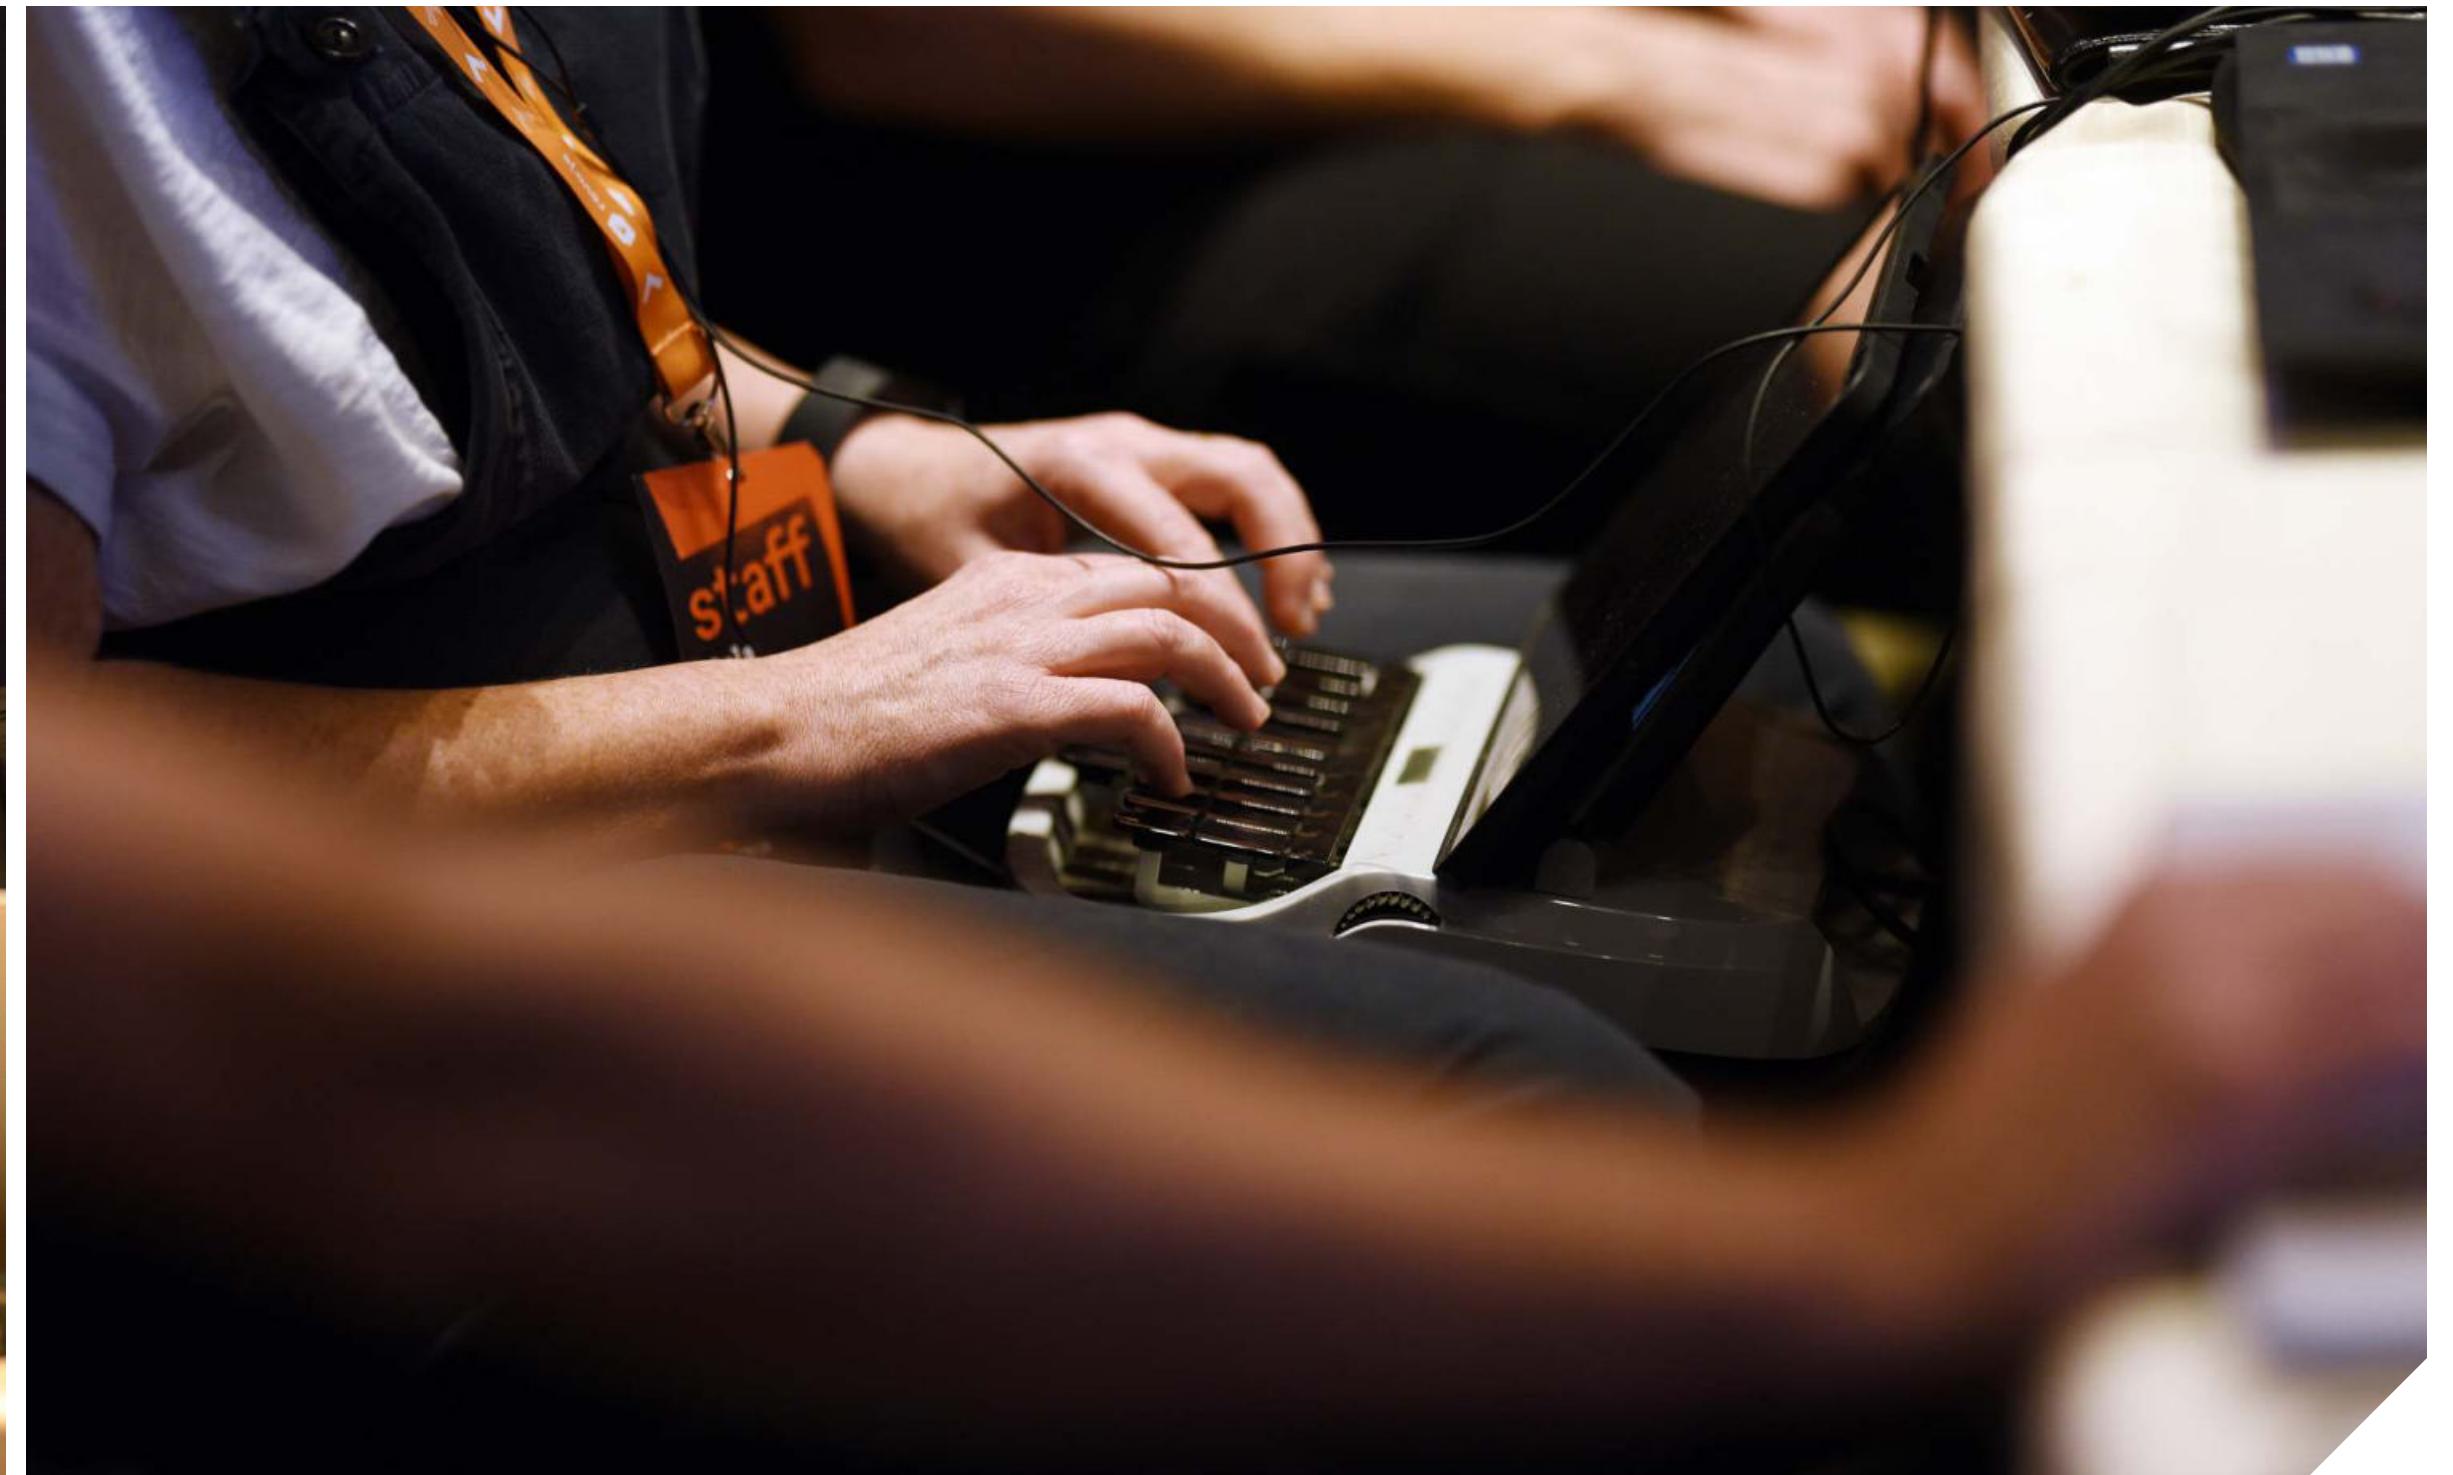

Day 2

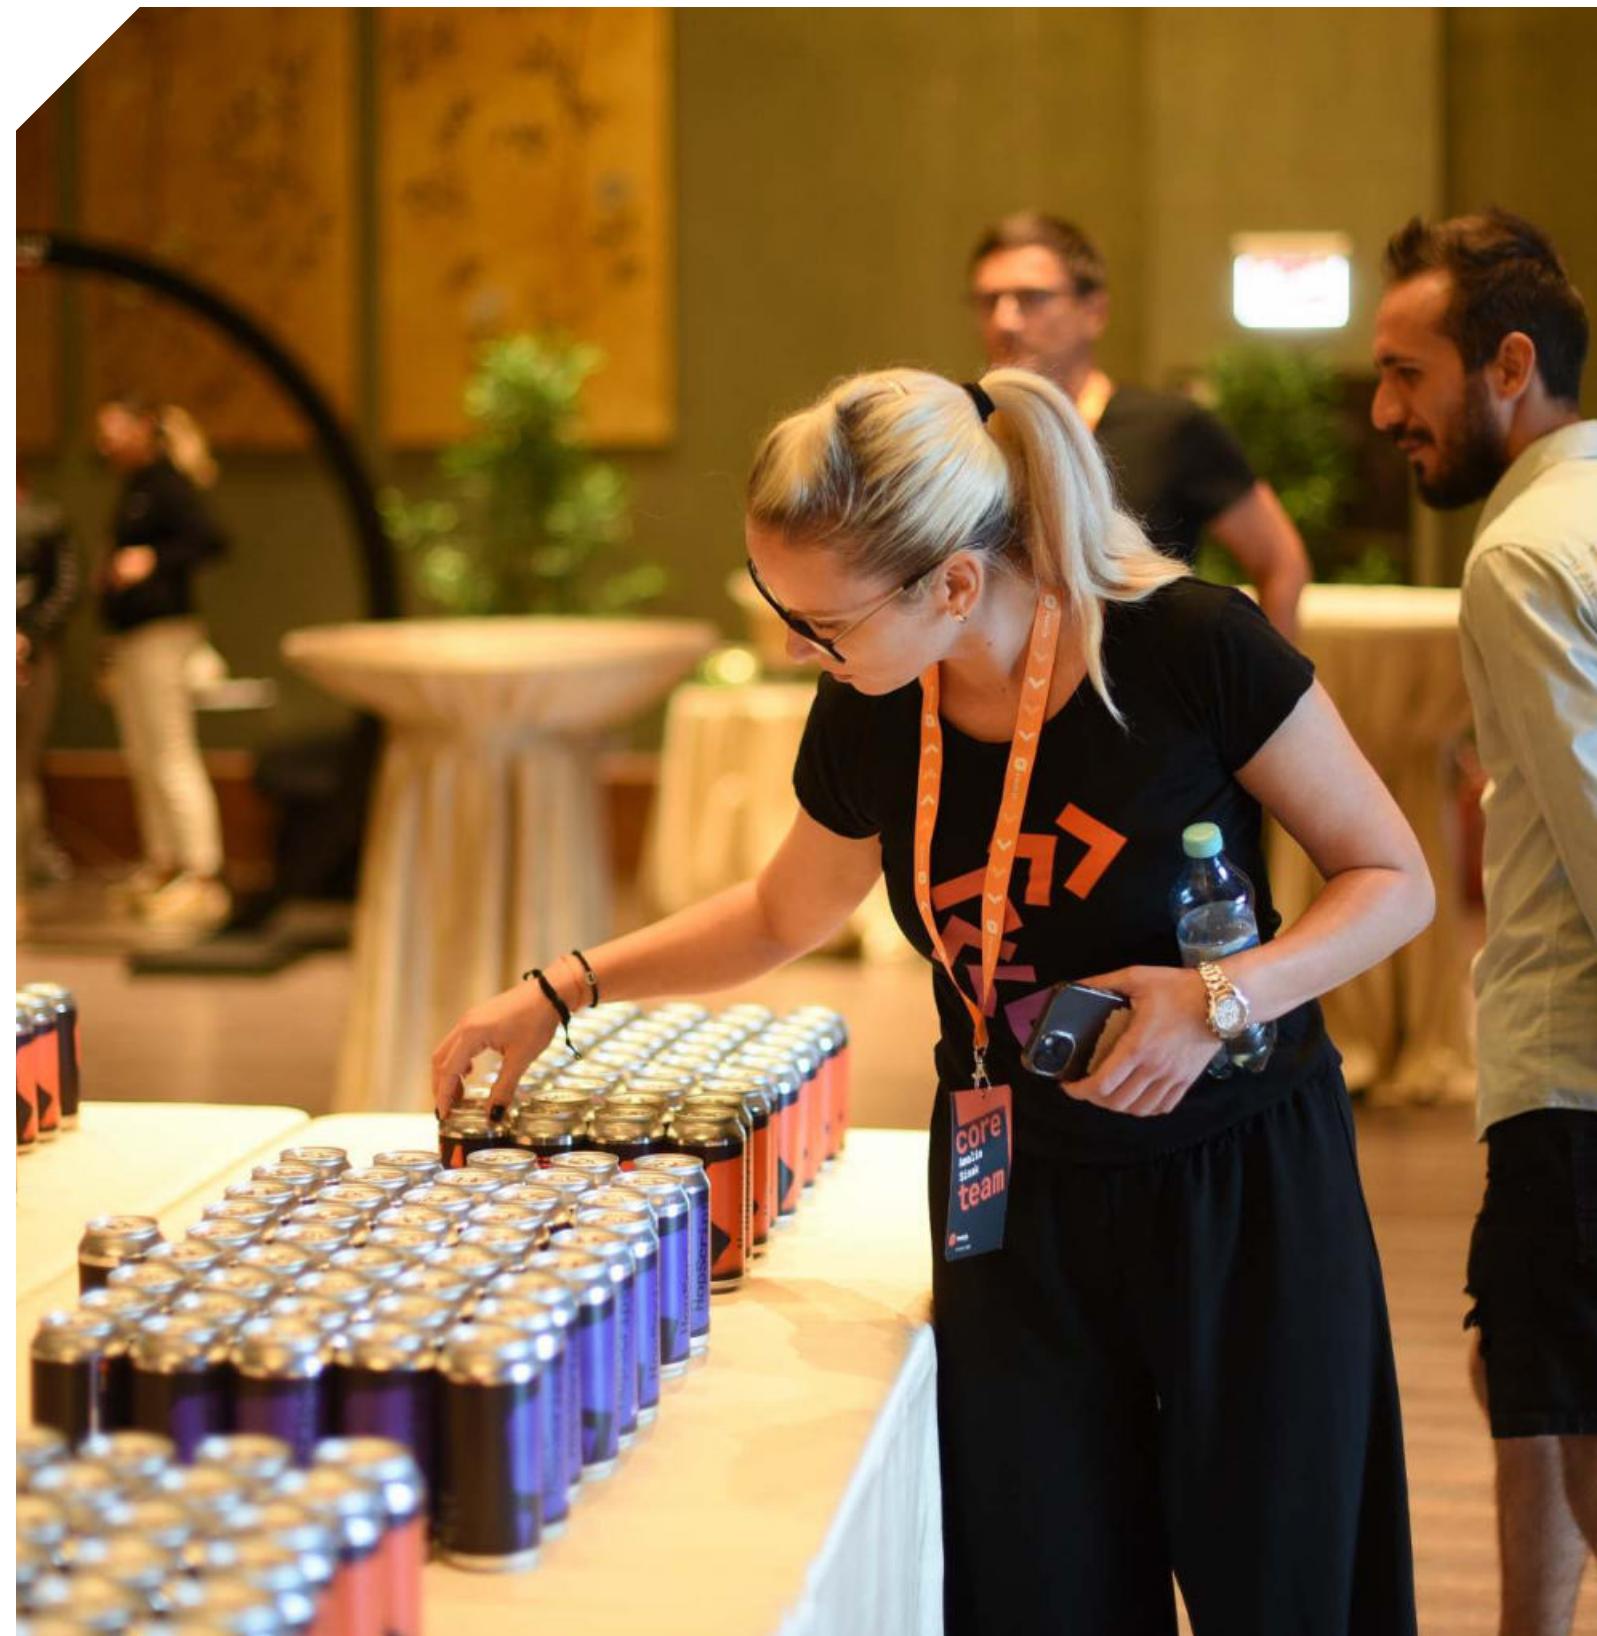

Live Captions

All talks were captioned in real time by [Orla Pearson](#), a talented stenographer from MyClearText. We wanted to make all talks accessible to all audiences, including people with special needs, difficulties in hearing or understanding parts of the presentations. To make the captions possible, Orla used a special keyboard that enabled her to keep up with the fast-pace of the talks.

HopScript & After-Party

After the first day of the conference, we all spent some time unpacking the information we received over a beer, especially created for the conference by **Bereta**, courtesy of our After-Party sponsor, **Visma**. At the end of the second day, we wrapped everything up with one great after-party.

Speakers' Feedback

Jay Phelps ✅
@_jayphelps

Such a great time at @revojsro last week. Great talks, wonderful people, and I highly recommend. Thanks everyone!

🎥 revo.js conference @revojsro · 06.10.2023

👏 @_jayphelps shared some good “jokes” about async debugging. Well, you know every joke has a grain of truth. We heard the truth about the most common examples of async bugs, and how to identify, debug, fix, and avoid them in the future, regardless of the UI framework.

Anna Migas
@szynszyliszys

I am really thankful for being invited to speak at @revojsro conference.

Presentations and vibes were great, the organizing team has been on top of everything (they even just messaged me that I have late checkout at the hotel just now!).

Highly recommend as a speaker! #revojs

Erick Wendel ✅
@erickwendel_

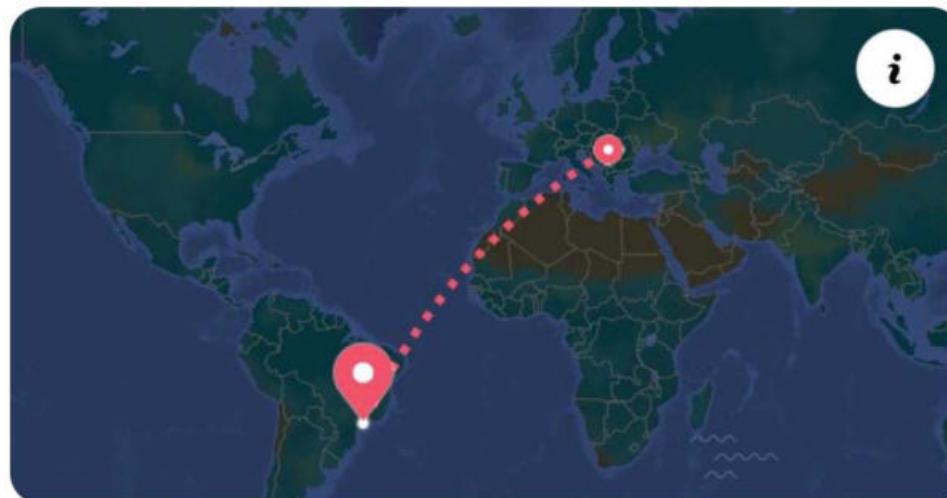

What an amaaaazing experience! ✈️Romania flag

Time to go back home with lots of stories to tell.

Thanks a lot Revo.js for this amazing opportunity!

Romênia Romania flag was amazing and I can't wait for the next time!!

Atila
@AtilaFassina

@revojsro I had a really great time!! Thank you for being so awesome!

staff and attendees are among the best crowds I've ever seen before!! Romania flag 🏆

I hope we see each other soon!

But for now, as @pfeiffer_andrei would say: ceau-ceau-ceau-ceau 🙌

Matt Pocock ✅
@mattpocockuk

I haven't been to many conferences, but @revojsro has been my favourite I've attended.

Speakers: excellent
After-party/events: fabulous
Being picked up at the airport at 3AM by a MEMBER OF THE COMMITTEE: priceless

Participants' Feedback

Hard to tell since this conference was above my expectations :) And it was also an improvement over the 2019 edition. So I am glad that you are back with a bang and congrats to all the team organizing this edition.

The atmosphere resulted from a great organization, the invited speakers, great food and many giveaways

Flawless execution of the event and its brand visuals

Diverse topics, good organisation

The fact that we are trying to create a better community in Timișoara

Environment, enthusiastic speakers, relevant and up to date topics, fun code challenges

Subtitles, sound quality, smooth registration, schedule

The right balance between talks and socializing breaks

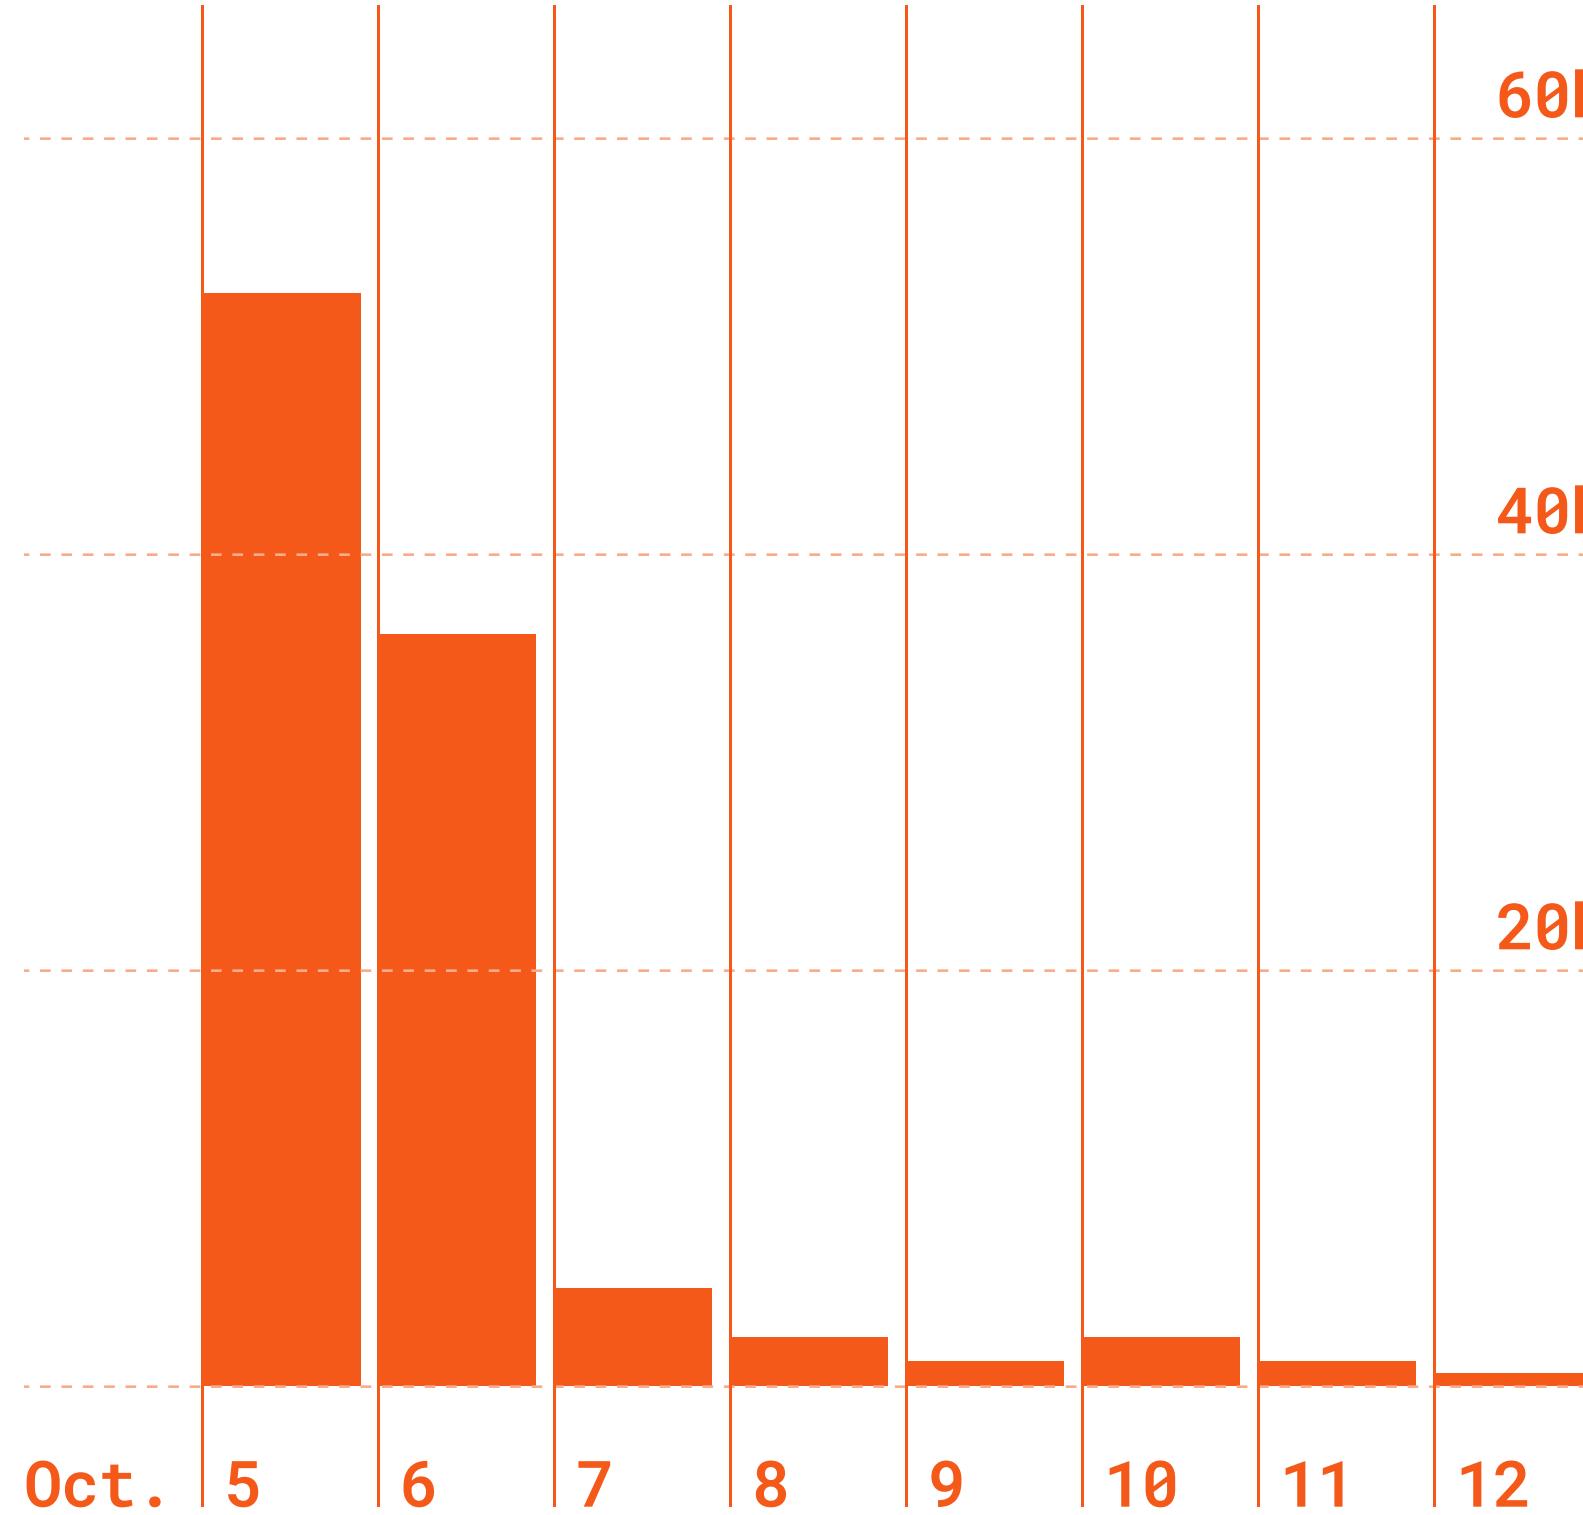

The presentations that were well structured and presented. The food and location were awesome.
